

Dear Grade 4 parents

Welcome back to Term 3. This is just an important reminder that we will be hosting an invaluable, empowering and not to-be-missed Grade 4 Parent Talk by Pam Tudin, co-founder of Klikd, to be held on **Tuesday 28th July at 19:00 in the Jagger Hall.**

Thereafter Grade 4 teachers will give important details and information on how the iPad will be used in the classroom.

Screens in and out of Classroom: The Case for iPads in Schools (and at home!)

Is that iPad actually helping your child learn, or is it just one more screen lying on the couch competing for their attention before bedtime? It's the question almost every parent asks and rarely gets a straight answer to.

In this live talk, Clinical Psychologist and Klikd co-founder Pam Tudin-Buchalter cuts through the noise with a clear-eyed, research-backed look at device-based learning: where iPads genuinely boost engagement, accessibility and academic outcomes, and where they can quietly undermine focus and screen habits, both at school...and at home!

You will leave with a real understanding of how to support (not fight) your child's device use at school...and in the lounge.

Looking forward to seeing you all next Tuesday evening.

Kind regards

Karen Dallas

Deputy Head: Academics
