compassion.**

Life Science Laboratory Technician

The above part-time position will become available from 1 January 2027.

Key Duties and Responsibilities:

- Set up and dismantle laboratory experiments and demonstrations for the Life Sciences Department, including AS Level practicals.
- Source and collect consumable materials required for practical laboratory work.
- Maintain inventories for equipment and chemicals which must be updated annually.
- Record and dispose of equipment and chemicals which are unusable.
- Report all maintenance and repairs of equipment and laboratory fixtures to Head of Life Science.
- Liaise with Head of Life Science with regards to requirements for equipment and chemicals.
- Obtain quotes, order, and take receipt of equipment and chemicals as required.
- Cultivate plants as required for practicals and maintain the greenhouse.
- Manage the release and collection of printing requests for staff as required.
- Attend departmental meetings.

Key competencies:

- A suitable tertiary qualification that includes practical laboratory training.
- Experience in chemical solution preparation and use of specialist equipment is advantageous.
- Laboratory experience within a Physical Sciences environment would be advantageous.
- Knowledge of laboratory health and safety procedures.
- Strong communication skills - ability to relate to both staff and students
- Ability to plan and organize work and to work independently.

Interested applicants should email a short CV with a covering letter and 3 references to Bronwyn Gabriels bgabriels@bishops.org.za by 28 August 2026.

Only short-listed contacts will be contacted by 11 September 2026. If you have not heard from us

by this date, please consider your application to have been unsuccessful.

Only South African citizens will be considered for permanent post.
